

VETERANS AND SERVICE MEMBERS

There will be many different employment opportunities generated by the construction of the Ohio River Bridges, below are some of the skills associated with this type of project:

Heavy Equipment Operator
CDL Driver
Construction Engineer
Crane Operator
Welder
Iron/Steel Worker
Carpenter
General Laborer
Electrician
Generator Repair
Mechanic
Clerical
Project Management
Many more...

The construction of the bridges will add two new river crossings in Louisville and southern Indiana and rebuild downtown interchanges on both sides of the Ohio River, creating potential employment opportunities for Hoosier Veterans and Service Members in both Indiana and Kentucky.

You are cordially invited to attend the upcoming:
